GROUP 3636

Sir:

This is in response to the United States Patent and Trademark Office Action mailed January 28, 2003, which response is being made within 30 days and for which no extension fees are due.

REMARKS

The Examiner has identified two patentably distinct species, namely: Species I depicted in Figures 2a-3b and Species II depicted in Figures 4a-8. The Examiner has required an election. The Examiner has indicated that at least claim 1 is generic.

Applicant hereby elects Species II illustrated in Figures 4a-8.

Applicant preserves the right to have the non-elected species examined should the Examiner find one or more of the generic claims to be allowable.

Claims reading upon the elected species include claims 1-25. Claims 1-10 are generic.

Respectfully submitted,
